INTRODUCTORY NOTE.

THE earliest volume of "Country Correspondence" existing in the records of Fort St. George is that of 1740. There is then a break and the next volume in existence is that of 1748, which is here printed. From this year onwards the series is complete.

The volume now reproduced is in a good state of preservation and the edges of its pages have not suffered from wear and tear, as was the case with the volume of the year 1740. Hence there are few words missing from the text. Against this has, however, to be set the fact that the letters have been copied by a careless or ignorant scribe, who makes many mistakes and whose transliteration of proper names is peculiarly bad. The size of the volume and the paper used in it are the same as in the volume of 1740. As in that case, the documents have been printed as they stand and an index has been added.

Madras having been captured by the French in 1746, Fort St. David was constituted the Chief Settlement of the East India Company on the Coromandal Coast, and Mr. John Hinde was appointed Governor. He died on the 4th April 1747 and his place was filled by the Dy. Governor, Mr. Charles Floyer, to whom the letters in the present volume are addressed.

The year 1748 witnessed several important changes in India. The Emperor Muhammed Shah died on the 16th April and was succeeded by Ahmad Shah. The aged Nizam of Hyderabad, Asaf Jah, also died on the 19th June 1748 and his second son, Nasir Jang, assumed the Government, though the succession was soon disputed. The Nawab of Arcot was Anwar-ud-din, but Chanda Sahib, who had been held a prisoner by the Mahrattas at Sattara since 1741, was released early in 1748 and returned to Southern India, where in the following year he succeeded with the help of the French in defeating and killing Anwar-ud-din and establishing himself for a time as Nawab. The hostilities between the English and French continued throughout the greater part of the year 1748. In June the French made an attack on Cuddalore and Fort St. David which was repulsed, and in August, on the arrival of Admiral Boscawen with a powerful squadron from Europe, the English in their turn advanced against Pondicherry and besieged it for some weeks but had to retire on the commencement of the rains with a loss of over 1,000 men. Shortly afterwards, in November, tidings were received from Europe that the hostilities between the French and English had been suspended in the previous April, and shortly after the close of the year the news of the signing of the peace of Aix-la-Chapelle on the 17th October 1748 reached India. The year 1748 thus marks the close of the first period of the conflict between the French and English in Southern India, a period in which the balance of advantage had been largely on the side of the French.

No. 1.

FROM SAMBODASS MERCHANT OF MADRASS NOW RESIDING AT CHENGALPET TO THE WORSHIPFULL CHARLES FLOYER ESQ.

RECEIVED THE 3RD JANUARY 1747/8.

I take the Liberty to acquaint you that it is a long time since your Worship has thought of me but on my part I assure you that you are always in my thoughts. I reside in Chengalpet at present and return the Almighty thanks for his Mercy and am in hopes that his Providince will pour upon you his blessing and bring matters to a happy Conclusion in a Short time that the People may Obtain their desires.

When Madrass was in our Possession the Nabob at Arcott was pleased to send his Pervanas to come but I did not Choose to go to him, he has sent Letters lately to me on the same account, but as I did not Choose to go at first I have Neglected it now likewise and repeat my thanks to God for his present direction of my Affairs.

Woosaman Cawn my Gomastah is lately come from Bengall in Company with Cantopher and having left him at your Place came to me to Acquaint me with it. I take this Opportunity to send the said Gomastah to you in Order to bring the said Cantopher and hope you will be so kind as to order him to come to me in Company with the said Gomastah which I shall take as a very great favour. What can I say more.

No. 2.

No. 4.

From Ganoopenda Tommiah, Pady Merchant at Vizagapatam, to the Worshipfull Charles Floyer Esqr.

Received the 5th January 1747/8.

I take the Liberty to Acquaint you that when I sent my Pady Boats lately to your Port I became a great sufferer by the Difference of Measure at that Place. I used to send my Vessells to Madrass when in your Possession, at which place One Beamelapatam Garse turned out to 195 Madrass Marcals when measured, and as One Madrass Garse is Two Garse of Tevenepatam I dont know what was the reason that the Measure of that place has proved so much to my Loss. I hope therefore you will be so good as to enquire into the matter and Order Satisfaction to be made for my Losses in the Measure.

It happens sometimes that if One Bemelapatam Garse is Measured out in Madrass marcal is procuces (it produces?) to 200 hundred marcals at (? or) more, but never fell short of 195 Marcals; As I have Madrass Marcal by me I have now measured out One Bemelapatam Garse with the said Marcal in the presence of Muppery Chitty's Gomastah, Dossery Timmy Chitty Veneapenda Bendar Develloo Merchants and Seata Ramah Sea gate Dubash at Madrass and it produced 204 Marcals. I have Acquainted Mr. Prince with it and he was pleased to promise to send both Madrass marcal and the measure of these parts to you. I thought proper to acquaint you with it and hope you will find means to give me Satisfaction for the losses Sustained, as I am a Merchant under your protection I made bold to trouble you with this and desire you to take it into Consideration.

No. 5.

To the Worshipfull Charles Floyer Esqr., Governour of Fort St. David.

Worshipfull Sir

I have received your Favours of the 6th & 18th November as that also of the 3d of December last and understand the Contents thereof. You wrote me that you approved of the Agreement I made with Nabob Nausir Jung to pay him 300 thousand Rupees for bringing 1000 Troops of his highness's and acquainted me that you have not Money enough at present nor can prevail of the Shroffs to give Credit for that Sum but promised to Stand to the Agreement and Pay it as Soon a Ship arrives with Money and Ordered me to represent it fully to his highness and request the Sending his Troops away with me with all Speed

But I must inform your Worship that his highness Nausir Jung never will do any favour or business to any Body before he receive ready Money or a Bill of Credit from the hands of the Shroffs, therefore I thought it not proper to Acquaint him what you Advised me.

Sometime before I received your Letters, I Arrived near River Kistna and made a fresh Contract with his highness and likewise with Nabob Abdull Nabee Cawn etc., in Order to bring 1000 Troops within the Cost of the Sum of 200 thousand Rupees and Save 100 thousand for the Company. I do now send you an Abstract Account of it and the rest to your Perusal. I did wait for the Money or at least a Bill of the Shroff from your Worship and therefore Accompanied his highness as far as Culbergy 10 days Journey this Side of Averangabaud a great way beyond river Kistna. His highness receiving a Letter from Nizam departed to Averangabaud with all Speed and I could not follow after him any further, he was very much displeased at our not performing either of our Agreement, said that what our Enemys perswaided him has proved true not to depend upon our Promise and that he will not do us any favours or give any presents or an ans^{r} to your Letter and bid us retire without coming up to him. Meerza Ivezbugg assured me that he cannot do anything with bare Words without money. Whereupon I applied to some of the particular Friends of his highness and represented him by them in the following manner, that the Governour promised to send money up to such a Place as I shall desire him, but his highness marched very Quick Journey after Journey and came a great distance from our Country, there is no fault lyes on us because there is no time to write to the Governour for to Send the Money at this rate I Satisfied his highness and then I borrowed some Money from the Merchants in the Camp and made it a present to his highness so as to please him well the Amount of which I Chuse to inform you myself by word of mouth. His highness has given you a Horse and Seerpaw and an Answer to y^{r} Letter and One Horse and Seerpaw to the Commodore and he has also given me a present of One Horse and Seerpaw in the presence of all the People to the Great known of Us. (*Sic*)

Your Worship know very well that I brought with me but twenty thousand Rupees, which is now past Six Months and it was not Sufficient only for the Charges. If you had sent me about 50 or 60 thousand Rupees I should be able to manage everything according to your desire. It would take a large sum to make presents only for the Officers and Ministers of his highness at the first Visit. I can hardly Express in the Letter what Troubles and Difficultys I had taken in the Camp about our Business but will inform you everything fully by word of Mouth. By the help of Cauze Dauem a particular Friend of his highness I have procur'd his highnesses Favour and protection to the great Interest of Us and I had got his Phermaunds to all the Kelleydars Pollygars etc., particularly his Positive Orders to Nabob Aneverdean Cawn and Mahomedally Cawn to Stop everything going into Pondicherry by land and Assist Us in everything we desire. I have also got a Pervana to Mahamood Cawn Phousdar of Chellumbrum from his Master Nabob Abdull Nabee Cawn to Assist us what lyes in his power and Stop the French passing and repassing from Corrical and Pondicherry thro' Chullumbrum, the Translates of the Phermaunds I sent inclosed to your perusal.

Now his highness is gon a great way Off, I took my leave from him and arrived Safe at Cunnole if you want any Troops from him they 'll certainly take above three Months to arrive at Fort St. David and besides his highness is Proceeding against the Morattas.

The Phirmaunds which I now brought is very Strong to Us and we can thereby make all the Country Governours to be on our Side. If you want a party of Nabob Aneverdean Cawn his Troops and Assistance and also his Perwanas and orders to all the Governours under him for the Same, please to let me know particularly what Number of the Troops you want before I go to Arcott, Aneverdean Cawn will require a present for Sending his Troops and therefore if your Worship please you may Send about 100 or 150 thousand Rupees or Pagodas in room of it by means of Linga Chitty up to Rangapa Chitty Gomastah of Linga Chitty at Arcott without let any body know of it under the Name of it being Sent up for Some Trade of Linga Chittys own, that I will discourse with Aneverdean Cawn and Settle the Bargain by one of the substantial Merchants who Shall give a Bill of Credit to Aneverdean Cawn for what I shall Settle and agree and the Merchants to pay the

Money to him if they find Aneverdean Cawn comply and everything to Our Satisfaction According to Agreement but on the Contrary to pay him None, at their rate if you please I will Settle and Agree with Aneverdean Cawn and bring his Troops to Assist Us. I have Borrowed the Sum of 1000 Pagodas and 6,000 Rupees from One of the Merchants of the Camp for the Charges and I agreed to pay it him at Arcott. I desire your Worship will please to deliver the Said Sum to Linga Chitty and Order him to send it up to his Gomastah Rangapa Chitty at Arcott before I arrive there. I remain with much Respect, Worshipfull Sir,

Dated at Cunnole

TO NABOB ANVERDEE CAWN.

DATED THE 9TH JANUARY 1747/8.

Notwithstanding the promises the French made to Your Excellencys two Worthy Sons Mehajoz Cawn and Mamud Ally Cawn, the last Year not to molest us by Land I must acquaint your Excellency that how I must further advise your Excellency that three days agoe they came again with a great Force and encamp'd just without our Rounds with a Design to attack us, and just as they were about to put it in Execution Several of our Ships arriv'd and Oblig'd them to go back again to Pondicherry.

As we live here under the Great Mopels [Moguls] Protection and the Country belonging to the Circar has suffered so much already by the loss of Madrass, I had reason to expect Your Excellency would have put a Stop to their further designs and not to let the French rob us further in Your Territories. We have hitherto Observed the Commands You laid upon us not to molest the Enemy by Land but Your Excellency will now permitt us to do ourSelves Justice, as we find the Enemy do not regard Your Orders or any promises they have made on that Account. I wish your Excellency Health. What can I say more.

DATED THE 19TH JAN^{RY} 1747/8.

This is on Purpose to acquaint Your Majesty of the good News we have received from Europe two days part. The French Nation (Enemys both to Your Majesty and the English) had fitted out a Force with design to derive the English out of India, and had they been Successfull they would never have Stoped there but would have made Settlements in whatever parts of your Country they liked but as they have already done at Caricol but it pleased God, that their Vile designs have been prevented for our Ships met them at Sea and took part and destroyed the whole of theirs so they are not now in a Condition to do your Majesty or us any prejudice. On the Contrary we have now twenty Ships at this place and about thirty more are very soon expected from Europe with a Great Number of Men and all Sorts of Stores a force Sufficient to drive the French out of India, a Scheme they had designed for Us, but it is now their turn to be on the unfortunate Side we have had our Share already we only wait the Arrival of the Expected Ships to put our designs in Execution and I do not at all doubt but that in a Short time we Shall be able to put You in Possession of Caricol which I hear You so much wish for, but as Horses are so Necessary for this Service I must desire Your Majesty will please to encourage Your people to come here with some good Horses which I now want to Buy and they Shall have all due encouragement given them, as Your Majesty is partly concern'd in this Affair I doubt not but you 'll readily give Your Assistance and you may depend upon it Carical will be taken by Us. I will also send You a Copy of this Letter by a Person whom I purpose to send into Your Country and I desire Your Majesty will Grant him your Protection and Assist him with what he may require. I wish your Majesty Health and Success over y^{r} Enemys what can I say more.

No. 19.

TO THE WORSHIPFULL CHARLES FLOYER, ESQR.

DATED AT CUDIPA FRIDAY 29TH JAN 1747/8.

Worshipfull Sir I hope you have received the Letter I send you from Currepa dated the 18th January.

The 12th Jan I received your favour of the 3d of December last this Side of Cunnole a long time after I took my leave from Nabob Nausir Jung and set out from his Camp. In which you was pleased to write me to request Nausir Jung to send his Troops with me with all Speed but if I find he will not part with them before he Receives Money in hand, You said, I must in such case still Attend upon him and not come away without the Troops agreed upon and it shall be your care to Stand to the Agreement &cta. By which I Understand that your Worship was in an Absolute Occasion for force, which and likewise many other following Reasons made me Remain at Currepa.

That Ahea Cawn, Zecria Cawn etc. Six Brothers Served Nabob Abdull Nabee Cawn, they are very Valiant and brave Officers Esteem'd by the Nabobs of these parts of the Country all the people bears them a great Respect as they do to the Nabobs, they quitted the Service of Nabob Abdull Nabee Cawn being displease'd with him.

The french Sent Letters to Currepa by means of Meerassedoo etc., in order to take in about (1000) Troops Pattans into their Service. I in Order to prevent the said Officers taking the Frenches service had the Advantage to desire Bocanjee Davajee

Sbroff at Currepa (a particular friend of mine) to use his Utmost to get use of the said Ahea Cawn and Zecria Cawn, Bocanjee Devajee used his Interest with one Abdul Cawder Cawn Chief Officer of Currepa and by him discours'd with Ahea Cawn & Zecria Cawn who said that they never did Serve any Body for a Short Pay and with a Small Number of Troops under their Command but with much difficulty I admitted 'em into our Service with 300 Troops Pattans and promised them to allow them to take in 200 or 300 Horsemen more if Your Worship have any Occasion for more, I advanced them 3000 Rupees as an Impress, which I borrowed of Bocanjee and took agreement Bond Sign'd by them. The Translate of which I sent inclosed to your Worships perusal with an Account their Monthly Allowance. Ahea Cawn and Zecria Cawn are very brave and Experienced Officers and are known by all the people in that part of Arcott Country, and by their coming to Us it would be a great Terrour to the Horsemen that are in the French Service more particularly to Nabob Aneverdean Cawn, the said Officers assurd me that they will Stop the provisions going into Pondicherry and do all other Service as we shall Order them, so that they said that we Need not desire any other Assistance, I'll sett out from hence with the said Officers and 300 Horsemen by Wednesday or Thirsday next and come up to Fort St. David.

I am informed that Nabob Anervedean Cawn providing Some Provisions to the French as Wheat, etc., both at Arcott and Currepa and that one of the French Gentlemen which were sent up to Currepa to provide provisions hearing my coming near Currepa left all the Things he had here and gone away with all Speed from Currepa.

As to what I wrote you before to send about 100 thousand Rupees to Arcott in Order to discourse and Bargain with Aneverdean Cawn to bring his Troops for our Assistance if you please, Which I think there is no need of it at present nor no Occasion of Sending the Said Sum, because we have got very good Officers and Horsemen but however in order to keep him quiet and in friendship with Us, if you please I will call at Arcott and deliver him the Phirmaund of Nabob Nausir Jung and tell him that I'll go to Fort St. David and let him know if Our Gov^{r} should desire him for any force.

It is reported at Currepa that Nizam departed to Hindostan from Averangabaud he ordered Nausir Jung, Abdul Nabee Cawn, Himmet Bahawdor Cawn and Mohosoz Cawn to go to Golcondah, and that Nausir Jung has given liberty to Abdul Nabee Cawn Himmett Bahawdor Cawn and Mohosoz Cawn to go to their respective Country, Our friend Caujee Dayem acquainted me when I was in the Camp that Nausir Jung design to come up to Curnata Country in 2 Months time. I remain with much respect Worshipfull Sir your most Obed^{t} and Obliged humble Servant

From the Four Viziers to the King of Pegue to the Honourable Charles Floyer, Esquire.

Received the 16th of Feb^{ry} 1747/8.

This is on purpose to Acquaint you that sometime ago One of the Coy Cast declared himself a King to the Kingdom of Pegue, but he has acted several things contrary to reason, equity and to the Customs of the Abbasis and Injured the Inhabitants to that Degree that the Siams, Bermas, and Abbasis never enjoyed their peace, Besides it was the constant Custom with the said King to take Merchants Goods by Force and pay them half their Value he did not regard the Advise and Councils given by his Four Viziers, by which reason it was Jointly consulted by the Abbasis, Siams and Bermas that the said King should be Expelled the Kingdom which they have Accordingly done and Acknowledged One of the Abbasy Cast who is a just man as their Sovereign who took the thrown and was Crowned as a King to this Kingdon, but it is to be Observed that the Old King who was turned out as above lives at present at Ganjám.

We must inform you that the Inhabitants of 32 Provinces belonging to this Kingdom which are Divided into 12 Perganas took their Oaths of fidelity and Obedience to the New King as also the people that belong to the Forts at Tangoo, Poran, Noulooka, Decan, Dehaly, and Serang; The Viziers and others of this Kingdom are perfectly easy and have good liking to this King. We do therefore desire you to order the Merchants in your place to bring their Ships as Usual to this place and Continue to carry on their Trade. His Majesty was pleased to send One Noequedah Coja Necoes to your place with an Order to deliver this Letter to you and to desire you to keep your Correspondence with him; The said Noequedah will wait upon you and We hope that you'll give all necessary Assistance to him and to grant him a Dispatch as soon as possible. This is on purpose to acquaint you that I sent out to meet the friendly Letter and the Presents you was pleased to send me by Captain Byers and was exceeding glad to receive them and I understood the particulars you have wrote to me; As there

It is with some concern I do not hear Oftener from you, the last Letter is dated near two Months past, but I am ready to believe it is no fault of yours. We have Various Reports Concerning Nazerjengs March, but they near all agree that he is gone to his Father. I must now advise You that our Europe Ships Arrived in Bengall, with some belonging to the King of England, the Latter End of last Month, The Gentlemen there, being in so great want of Money, kept it all there and return'd the Empty Ships to Us, so that I find it Utterly impossible to Stand to the Agreement you have made and I Chuse to Give you this Advice that you may not expect what is not in my Power to do. And it is with great concern I am Obligd to Write to you in this manner. This you must keep private and come away in the handsomest manner you can and with as little Expence but we do not design that any disgrace may happen to you and know on such Occasions money must be given, but before You come away, as it will be Necessary for us to have News from the Camp, Appoint a Proper Person to send Advices to this place, it must be a man of some Consequence and he Shall be hamsomely rewarded for his trouble. This I must leave to your Management as well as the method of your coming away. Our Affairs go on very well, Our English Fleet have taken and destroyed a great many Ships that were coming to these parts belonging to the French and I doubt not but we shall be soon Masters of all we can wish for.

I was extreamly Glad to receive your Letter wherein you mention that Some people from Carrical have Seiz'd Six of the horses design'd for you and carry'd 'em away and that I should insist upon those Evil doers to return 'em to me, I must inform you, that the People who were carrying 'em to Negapatam did not give me the least notice of it, if they had Acquainted me with it, I would have Ordered a party of horse and foot to Convey 'em safe to the said place; When the said Robbery was Committed some of my Troops were in Tervaloor near Negapatam and on their hearing of it, did pursue the Robbers but they got away and arrived Safe into their Own place. It wont be improper to remark that when my Force have persued 'em, they put Two Men to the Sword and took Two others live whom I have Ordered to be imprisoned and they still remain in Prison; The French for these several Years past seek Opportunities of Committing such hostilities in my Limits but as my times and thoughts were employed upon setling Affairs in Certain places I did not punish 'em as they deserved. Now I am demanding the horses of 'em but in my Oppinion they won't return us Unless they were punish'd; You may Observe that my Force is ready to Join you ag^{t} them and if you Consider of a proper Method which we should take to punish 'em and write to me thereof I will then employ my Force to proceed against them; I must repeat it to you that my Force is ready to Join you upon all Occasions and if our people had given me the least Notice of Carrying the horses to Negapatam I could have prevented the Accidents which have befallen 'em; Agreeable to your Request I am insisting upon the French to Deliver up the horses to me and will Advise you what shall pass hereafter upon that Affair. Your Excellency wrote me that the Phousdar of Tevenduporam had wrote you there was an ill use made of the liberty you had Granted me in regard to the dustocks. I have made due enquiry into it and must inform your Excellency there is no truth in it. What give Occasion for such a Suspition in this, having Occasion for so large a quantity of all Sorts of Provisions for the Great Number of Men we have and for those On board the king's ships ; which is now ten times the quantity to What we us'd to have. I must Advise Your Excellency that some days past I had Advise of some hundred ox loads of Grame being Stop'd near Tevenepatam and also some of the Campys Cloth and I wrote about it to the Phousdar there and Assur'd him it belong'd to the Company and because he might not be imposs'd on in future I mention'd that I would always send my Chop with the Compys Goods, that he might know them and therefore pass them free, but if he saw no Chop of mine than the Goods were to pay duty as not belonging to the Company notwithstanding my Writing to him in this manner and sending people to him about it he kept the Grame and the Cloth 4 days and set a Guard upon it. As this was highly Unreasonable. This Morning sent us a party of Men to bring away the said Goods and the people with them if they would not deliver them. The Goods were accordingly releas'd. But my people brought the Havildar away with them, which was Contrary to Order and they have Received a Check for it I hope your Excellency will please to write to him about it, as I look upon it to be a great Show direspect in him to your Excellency in not passing the Companys Goods Agreeable to your dustocks. I beg leave to acquaint your honour etc., that out of the Company's Chints in the hands of Tanapah the Painter. 534 Peices of Moorees and 250½ peices of Sanoes were finish'd in Ercam and carryed to Pullicatt where they were shipp'd On board of his Majesty's Ship to be Convey'd to Fort St. David. I must inform your honour etc., that the said Chints were finish'd in an excellent manner and that the Difference between the Worse which Tanapah was Ordered to paint and those of the Other's will be 10 Peices, in every Corge, so that Tanapa's loss in finishing the Whole at your Own hire would Amount to 300 Peices; He has paid P. 110, to Pullicat Governour On Account of Presents. If your honour etc., think fit you may allow him something in Addition to the former hire, if not, I hope you'll send me the Ballance of the Account which Tanapah had deliver'd to Mr. Thomas Cook Junr together wth the other sums added together as per Particulars here under Written.

I think it necessary to inform your honour etc., that Rangasoy and Venkataputty the broaker who had been lately at Fort St. David to make their Address to your honour concerning the Company's Chints in their hands, had play'd tricks and sold some of 'em for their Own Use. Tho' the Cloth in their hands were three quarter part finish'd yet they have represented to you quite otherwise and by means of Gruapack Mr Morse's Dubash received the full hire from your honour etc., Now they have Brought some ps out of what they had sold as above. Tanapah did not behave himself in this manner in respect to the Cloth in his hands. He had lost some Chints in plunder but to perform his promise with your honour etc., he has been at Expence to Buy

Cloth from the weavers in room of 'em to paint. As Soon as Madrass was settled the truth of the foregoing will Appear by the Company Painters, Conicoply's etc. I thought fit to Advise your honour etc., with the foregoing at present.

Account Particulars.

Cooley hire	1	27	0
Paid the Peon	0	18	0

Be so Good as to Send this Money to me by Supramoney the Peon and then I will get the remaining Chints finish'd to be sent you; I hope your honour etc., will not hearken to what Tanapah shall say to you concerning the loss he had Sustained as it would be Unreasonable to introduce a fresh Story before you on that head.

I was extreamly Glad to Receive your kind Letter wherein you desir'd me to forward the provision of Rice to your Camp but I must tell you that it is not procurable in my Limits for even the Nabob's Peons that are with me at present and others are in very much want of the Same for their Victuals. It has been usual for my Peons to fetch Rice from Cuddalore but they cannot get it now in the said place. I had some Garse of Paddy out of the present year's produce, but part of which was given to the Plowmen in full Delivery of their Share of the last Year & the other part was Sold and the money sent to the Nabob. There are 2 or 3 Banyans in each of my Villages but they have no Rice at all to be Sold. If I had it in my Limits truely I would have comply'd with your request. Success may Attend you thro' Jesus Christ. What can I say more.

No. 169.

From Sunca Ramah at Pullicatt to the honble Charles Floyer Esq^{R}.

Recd. the 22nd Augst. Anno, 1748.

I beg leave to Acquaint your honour that by the misfortune which attended Madrass I was oblig'd to go with my Family to St. Thome, where I stay'd sometime but the French hav^{s} plundered that place, the loss I Sustain'd was very great, I removed afterwards to Garacambaca &ca the Circar's Villages where finding no safety by reason of the Disturbance raised by the Enemy, I retired to Gommady Pundy where my Constant business was to wish that Madrass may soon fall into the hands of the English and that I may have the happiness to take my Residence at that place. When the French knew that I was in Gommady Pundy, they sent their Vakeel 2 or 3 times with a Cowl to me, Ball Chitty and Tomby Chitty desiring us to go and Inhabit in the said Town of Madrass in Subjection to them, but we refused to comply with their desire, at length I left Gommardy Pundy and went to Pullicat which is now One Year, during which time my business was to send for the Weaver's from the Country who Stood indebted to the Company at Madrass and to persuade them to get the Goods ready as I did not comply with the Enemy's Desire as above, they were incens'd against me and order'd 3 or 4 of my houses at Madrass worth about three thousand Pagodas to be pulled down & besides they have kept Watch

over my Dwelling house in the same place and carry'd away all the Goods and household furniture that were therein, as I have 50 houses, and 15 Gardens that are Still Safe in the said Town I am doubtfull whether they will do any injury to them. My Family have been Always Merchants for the English even from the time of my Grand Father & we were always happy under their protection but never Underwent the Misery and troubles as I am in at present. I have wrote to you Two or three Letters lately with a Design to wait upon your honour and told Mr. Beard of it, but you was pleas'd to write me in Answer that I should Stay in this Place and mind the Company's business, upon which I employ'd myself both in Settling the Accounts of my Dealings in this place as also minding the Company's business hoping to come to your place shortly but in the interem Conarapah the Warehouse Conicoply has wrote Letters to me, Ambeltady my partner, Tellisinga Chitty Grandavady Vencata Ramah, Nella Chitty &ca, the Company's Merchts for to come to For St. David & bring their Acc^{ts} with them & sent the Company's Peons likewise, saying that he was ordered by your honour &ca so to do, & as Ambeltady Chitty my partner lived then in Chengalpet, I have wrote a Letter to him & desired him to bring all the Companys Accts to me as soon as possible but he Answer'd that he was indisposed & that he had some business besides, so that he could not come to me then, but would wait upon me in a short time, On his arrival, my true intentions were for to come to your place and Acquainted Mr. Beard with it, Notwithstanding Mr. Beard insisted upon me to go and said that he had no business with Ambeltady my partner nor with the Accounts and he has now kept Two Peons and a Dubash to Watch at my house and Disgraced me very much, I cannot tell Whether this is put into his head by some of my Debters in this place who wish my removal, or, whether he has done it with his Own Accord, as your honour is my Commanding Master I am only to obey your Orders, so that I suppose Mr. Board has no business to give me such ill Usage as he did & publish my going to your place, this may Alarm the French who may in all probability intercept me on my way to your place and Seize upon me, As Your Honour is Ingenious and indulgent to those that are Dependant on you, I thought proper to Represent this Affair to you hoping that you'll on receipt of this Letter be as good as to Write to Mr. Beard to have nothing to do with me & to cease troubling me any further about by coming to your place & you'll be also so good as to take Notice of the ill Usage he has given me by keeping the Peons Over me. I will send for Ambalatady my partner & the Accounts and will settle Accounts with those that are indebted to the Company and will then wait upon your honour, all which Shall be done in a Short time; I beg leave to repeat it to your honour that Mr. Beard has used me very Ill in Sight of the People here Contrary to your Orders, as he has no business so to do, I hope your honour Will Write to him to have nothing to do with me, as your honour is Ingenious I did not think it Necessary to Write to you more than what I have Already done.

You was pleased to desire me in the said Letter to permit a Certain Quantity of Paddy which is in Jayanta Ramah's Custody to be Conveyed to your place & to be Assisting in your Affairs; I assure you that the Companys Affairs are dearer to me than my life: I Esteem them equal to that of the Circar but am Sorry that I am so far from you; It is true that the said Jayanta Rama is a Notable Merchant who Carrys his Trading Vessell to your Port as well as to the Circars & he always Received the Circars Assistance in his Affairs, he has brought Two or three Vessells to Pullicat road this Year & was selling his Grain here at very high rate, as no Rain has fallen into these parts, there is great Scarcity of Grain at present and the

People here are in great want of it, tho' it would be a Discreditt to me to Suffer any Quantity of Grain to be carry'd out of this place at this Juncture, yet in regard to your friendship I have given leave for what you have desired but the Dutch here being persuaded by their Dubashes troubles, the said Jayanta Ramah very much upon that Account, indeed the Usage of theirs is a great Discouragement to a Merchant; I have Spoke to them about it but they won't hear me, all which I hope has reached your Ears, I repeat it to you that on my Part I have given leave for your Paddy & as the Dutch are Scrupulous about it I hope they will at length be ashamed of their Actions. If you Will be so as to Ask Wishanada Redy who is always with you concerning the Circumstances of the said Country he will inform you of the Whole; I was happy in being your Neighbour during this time, but now as Necessity obliges me to be far from you I hope you'll not forget me but continue your kindness to me. To Nabob Aneverdee Cawn.

Dated the 5th Nov. 1748.

I wrote your Excellency a Letter sometime past about Chinna Mutta Chetty's Effects, but as I have Rec'd no answer to it, I must suppose that Letter never came to your Excellency's hands. I must acquaint your Excellency that Chinna Mutta Chetty formerly an Inhabitant of Madrass and a great Merchant but upon that place being taken by the Enemy he retired with his Effects to Trevemboor under your Excellency's Government where he kept his Effects in houses & Godowns & some in a gre t Pagoda lately built by him & died there now three months agoe, which as soon as the Phousdars Meer Sulam Raphool and Lalah Alem Chend of Poonemally heard of, they sent some Moors Peons to Seize upon all the Effects belonging to the Deceas'd & to the Pandaran the Minister of that Pagoda. The Above

Phousdar's not only carryed away to Poonemelly The Goods belonging to the deceas'd Chinna Merta Chitty and his Minister, but Effects belong to Several Inhabitants formerly belonging to Madrass and Lodged there for Security till that place should be restored again to Us, and as these Inhabitants gave not the least Reason for such Robbery's and Outrages to be Committed on their Persons & Effects I do not at all doubt but your Excellency will redress them and Cause Meer Sulam Raphool and Lalah Alem Chend to Restore to y^e^ true Heirs of Chinna Merta Chitty, all the Effects they took away with such Violence as also of the other Inhabitant. This will be an Act of Charity in your Excellency who does immediately, I make no doubt, redress all manner of Grievances as soon as they come to your knowledge & as these people were formerly belonging to Madrass, I take the liberty to write to your Excellency in their behalf. Some years agoe when the Morattas came into this Country to persecute the Moor's all the great Men at Arcott & other places receiv'd protection for themselves & their Effects in Madrass, and were kindly treated & afterwards when the troubles were Over they reliev'd into the Country again with all their Effects without the least Impediment & received all the Assistance they could desire but as Your Excellency must be fully acquainted with this before I shall not enlarge upon it & I once more entreat your Excellency will immediately Cause the Phousdars of Poonemelly to return the Effects belonging to Chinna Merta Chitty & others and in doing such a piece of Justice. I shall always pray for your Excellencys Wellfare.
